EDUCATION

UNIVERSITY OF INFORMATION TECHNOLOGY & SCIENCES (UITS)

B.S.C Engineering in Computer Science & Technology (2012-2017) - 3.4 out of 4

Darshana Govt. College

H.S.C (2008-2010) - 4.4 out of 5

Raigram B.K. High School

S.S.C (2008) - 4.13 out of 5

PROFESSIONAL SUMMERY

Highly skilled Laravel developer with 3 years of hands-on experience in designing and developing web applications. Proficient in PHP, Laravel, Wordpress, MySQL, and JavaScript. Adept at working with modern front-end frameworks like Vue.js and React.js. Strong focus on writing clean, maintainable code and optimizing application performance. Enthusiastic about learning new technologies and solving complex problems.

TECHNICAL SKILLS

- **Backend:** PHP, Laravel, Wordpress, RESTful APIs, Eloquent ORM, MVC Architecture
- **Frontend:** HTML5, CSS3, JavaScript, Vue.js, React.js, Bootstrap, Tailwind CSS
- **Database:** MySQL, MongoDB, SQLite
- **Version Control:** Git, GitHub, GitLab
- **Tools:** Composer, Nginx, Apache, Docker, PHPUnit, Postman
- **Other:** OAuth, JWT, WebSockets, API integration (Stripe, PayPal, Razorpay)

SOFTEXEL

Senior Software Developer (2024-October To Current)

Task Responsibility:

- Designed and architected scalable and maintainable software solutions for complex business requirements.
- Led a cross-functional team to deliver high-quality projects on time, coordinating efforts between developers, QA, and product managers.
- Defined technical standards and guidelines, ensuring consistent code quality and adherence to industry best practices.
- Conducted performance analysis and optimization at both the application and database levels, reducing latency and improving efficiency.

XPERT DIGITAL AGENCY

Software Developer (2021-Jun To 2024-May)

Task Responsibility:

- Developed and maintained multiple Laravel applications for e-commerce, CRM, and SaaS platforms, improving code quality and performance.
- Collaborated with the front-end team to build dynamic and responsive user interfaces using Vue.js and Bootstrap.
- Implemented RESTful APIs and integrated third-party services (Stripe, PayPal, Google APIs).
- Optimized database queries using Eloquent and raw SQL, improving application performance by 30%.
- Managed deployments and version control through Git and GitHub.

BENGAL SOFTWARE

Web Application Developer (2021-Jan To 2021-Jun)

Task Responsibility:

- Assisted in building Laravel applications for small- to medium-sized businesses, focusing on user authentication, data management, and API integration.
- Created and maintained custom Blade templates for dynamic and responsive UIs.
- Worked closely with senior developers to refactor legacy code, improving maintainability and scalability.
- Integrated third-party APIs (Twilio, Mailgun) and worked on complex database designs with MySQL.

EXPERIENCE

ZAMAN IT

Intern Software Developer (2020-Jul To 2020-Dec)

Task Responsibility:

- Assisted in developing internal PHP applications and tools, gaining hands-on experience with Laravel and PHP.
- Worked on small modules of larger applications, focusing on backend logic, database interactions, and debugging.
- Collaborated with the senior development team to resolve bugs and add new features.
